If you sign up for Building Blocks, please notify us if you decide to discontinue the service. Any site you have not published through Building Blocks will be removed. You are not committed for any length of time and can discontinue the service at any time, however, refunds are not available.

Not a Plains Cooperative customer? No problem. You will be required to buy a hosting package with us to host your website. Your site will publish to our web servers but you do not need to change ISPs. Previous Plains Cooperative customers are welcome back at any time to try this service. You will be required to sign up with a credit card for monthly billing.
