

Viper PC Protection

With PC protection from **Viper** you can forget about what's happening on your computer and enjoy your life! **Viper** is a fully automated anti-virus/anti-spyware program that gives you all of these features with little or no interaction from you.

Viper Features:

Anti-Virus Protection

- Real time protection against viruses, worms and Trojans

Personal Firewall

- Prevents hackers from entering your computer

Anti-Spyware/Adware Removal

- Protects your privacy and keeps your PC trouble free

Pop-Up Blocker

- Stops annoying pop-ups from invading your PC

Critical Windows Updates

- Ensures your PC is updated with the latest, fully tested Microsoft OS patches

Protection for up to 3 PCs

- With a **Viper** license you will be able to protect up to 3 different PCs

Call us at 358-4211 to have **Viper** added to your account. You'll get peace of mind for your PC for only \$4.25 per month, billed conveniently with your Internet service.
